PLAINTIFF'S PETITION FOR DAMAGES

COMES NOW Plaintiff, Michael O'Loughlin, and for his cause of action against
 the Defendants alleges and states as follows:

THE PARTIES

1. At all times relevant hereto, Plaintiff Michael O'Loughlin is a current
 resident of Cameron, Missouri in Clinton County.

2. Plaintiff is the husband of and a Class 1 representative of Twila O'Loughlin who died on January 22, 2002 due to brain tumor.

3. Upon information and belief, Defendant Eteroutremer S.A. was at all times relevant herein a major and/or the sole owner of the Susquehanna Corporation and is thereby liable for the acts and omissions of its subsidiary(ies). Defendant Eteroutremer S.A. is a Belgian corporation and service may be obtained through Special Process Server APS International Ltd.

4. Defendant Rockwool Industries, Inc. was, among other things, a manufacturer of mineral fiber insulation. At all relevant times hereto, upon information and belief Defendant Rockwool Industries, Inc. was a foreign corporation with its principal place of business in Missouri and was a wholly owned subsidiary of Defendant Susquehanna. Defendant Rockwool Industries, Inc. was dissolved as a corporate entity on July 29, 1991.

5. Defendant Susquehanna Corporation ("Susquehanna") is and at all times relevant herein was a foreign corporation with its principal place of business in Eaglewood, Colorado. At times relevant hereto, Defendant Susquehanna owned, operated, managed and used the Rockwool Industries, Inc. facility located at 7426 N.E. 352nd St. Cameron, Missouri and assumed the assets and liabilities of its predecessors arising out of the operation of the Rockwool Operation.

6. Defendant SEEI Holdings, Inc. is a corporation incorporated under the laws of the State of Delaware with its principal place of business in Delaware. Upon information and belief, SEEI Holdings, Inc. merged with the The Susquehanna Corporation in February 18, 1988, thereby assuming the debts, commitments, and liabilities of The Susquehanna Corporation and its subsidiaries. Upon information and belief, SEEI Holdings, Inc. was not qualified to do business in the state of Missouri, but is subject to the jurisdiction of this Court pursuant to

R.S.Mo. Sections 506.500 and 506.510 because it transacts business in this state, has committed tortious acts in this state, regularly conducts or solicits business in this state and/or derives revenue from goods used and/or consumed and/or services rendered in this state.

7. Upon information and belief, Defendant Brookshier was a manager and/or supervisor of the Rockwool Industries, Inc. facility located at 7426 N.E. 352nd Street, Cameron, Missouri. Defendant Loren Brookshier is a resident of the State of Missouri and may be served at 311 Elm Street, Cowgill, Missouri 64637.

8. Defendant Midwest Hangar Company is and at all times relevant hereto was a Missouri corporation with its principal place of business in Kansas City, Missouri.

9. Upon information and belief, there are many other John Doe Defendants, both individual and corporate, the names of which are unknown at this time, but will be ascertainable through the discovery process, who are citizens and residents of the State of Missouri and/or conducting business in the state of Missouri, and were at all times relevant hereto acting in their capacities as corporate owners, parent companies, subsidiaries, operators, directors, officers, agents, and/or employees of the listed Defendants and/or responsible parties.

10. All of the acts and/or omissions of the Defendants which caused harm to the Plaintiff occurred within the State of Missouri.

JURISDICTION AND VENUE

11. The acts and/or omissions that are the subject of this action occurred within the state of Missouri and were conducted by Defendants and employees, officers and/or agents of the corporate Defendants, all acting within the course and scope of their agency and employment in this State and/or in conspiracy with each other and the companies they worked for. Jurisdiction and venue are proper in this court pursuant to R.S.Mo. § 508.010 (1994).

GENERAL ALLEGATIONS

12. The "Rockwool Operation" located in Cameron, Missouri consisted of a primary mineral fiber insulation manufacturing plant, loading and unloading facilities, dump sites and waste piles, related real property and other related operations and facilities located at and around 7426 N.E. 352nd Street, three miles west of the City of Cameron in Clinton County, Missouri. Upon information and belief, the Rockwool Operation utilized and/or owned other nearby dumpsites, which are possibly in DeKalb County. The forgoing shall sometimes hereinafter be collectively referred to as "The Rockwool Operation". The Rockwool Operation and property consists of approximately 20 acres and is west of and near to the residential neighborhoods and schools of the City of Cameron.

13. During the course of their operation, and at all times relevant hereto, Defendants released from and/or allowed to be released from the Rockwool Operation dangerous and toxic chemicals to the areas surrounding the Rockwool Operation in Clinton and DeKalb counties and likely beyond. Toxic releases included metals and other substances, including but not limited to lead and arsenic, that were negligently, carelessly, recklessly and at times suddenly released, resulting in exposure to Plaintiff and the contamination of plaintiff's property. The areas where toxic and dangerous chemicals travelled to or affected shall hereinafter be referred to as the "Impacted Area" and is limited to property within the State of Missouri. The Impacted Area includes the property where plaintiff has in the past and/or currently resides. At no time have the defendants taken any steps to remediate the Impacted Area or the damages caused.

14. Throughout the period from 1974 to 1982, Rockwool Industries, Inc. and/or its agents released and/or dumped toxic substances into and around the environment in the Impacted Area, which includes the property where Plaintiff has in the past and/or continues to reside, use and visit. In 1989 the Environment Protection Agency ("EPA") began to receive

anonymous complaints concerning truckloads of hazardous waste buried on the Rockwool site and nearby quarry. The EPA conducted a Preliminary Assessment in February and September of 1990 and April of 1991. The report of this investigation identified some environmental problems including the disposal of waste slag, spent batteries and other waste on the Rockwool site, as well as an underground storage tank which did not meet state requirements.

15. From approximately 1992 until 2003, after the site was abandoned by Rockwool Industries, Inc., the City of Cameron took over ownership and control of the Rockwool Operation and leased the facility and surrounding property to Midwest Hanger Company, a manufacturer of clothing hangers.

16. Upon information and belief, the population of citizens who reside in the area surrounding and in the vicinity of the Rockwool Operation have and continue to experience a disproportionately high number of illnesses, including but not limited to, brain and other tumors (both malignant and benign), and other neurological changes, illnesses and effects due to the contamination of their properties and surrounding area, including death.

17. In the spring and early summer of 2008, the Missouri Department of Natural Resources, in conjunction with the Environmental Protection Agency (EPA) and Missouri Department of Health, began an investigation into the possible environmental causes of this extremely high volume of illness and injuries.

18. Although the investigation is still ongoing, results from sampling and testing done by these agencies on and around the Rockwool Operation located at 7426 N.E. 352nd Street, Cameron, Missouri, have indicated elevated levels of lead and arsenic in certain locations and the possibility of the presence of other toxic and dangerous pollutants. The investigation has also revealed illegally buried insulation and/or other materials upon the

Rockwool Operation property. Further investigation is pending and further sampling and testing will be conducted.

19. Upon information and belief, the pollution and damage to the property owned by Plaintiff, and the disproportionally high number of illnesses, including but not limited to brain and other tumors (both malignant and benign), neurological changes, illnesses and other ill effects suffered by the residents and citizens of Cameron, Missouri and the Impacted Area have been directly and proximately caused by the acts and omissions of each and every defendant singularly and in concert with the other. The acts and/or omissions of the Defendants caused a severe diminution of the Plaintiff's property value and caused plaintiff to develop brain tumors and other illnesses.

20. Defendant Eteroutremer S.A, through its subsidiary companies, the Susquehanna Corporation and Rockwool Industries, Inc., caused toxic substances, including but not limited to lead, arsenic and other dangerous metals to be released in and around the Rockwool Operation to the Impacted Area during the time of operation and continuously thereafter. Nothing has been done to remediate the damaging effects.

21. Defendant Susquehanna Corporation, through its subsidiary company, Rockwool Industries, Inc. caused toxic substances, including but not limited to lead, arsenic and other dangerous metals to be released in and around the Rockwool Operation to the Impacted Area during the time of operation and continuously thereafter. Nothing has been done to remediate the damaging effects.

22. Defendant Rockwool Industries, Inc. caused toxic substances, including but not limited to lead, arsenic and other dangerous metals to be released in and around the Rockwool Operation to the Impacted Area during the time of operation and continuously thereafter. Nothing has been done to remediate the damaging effects.

23. Defendant Midwest Hanger Company operated a manufacturing plant on the site of the Rockwool Operation from 1992 until 2003. At all times during their operation at the Rockwool Operation and continuously thereafter, Defendant Midwest Hanger Company knew or should have known of the dangers presented by environmental conditions present at the site and the Impacted Area. Again, nothing was done to remediate the damaging effects.

24. Defendant Lore Brookshier is a former manager and/or supervisor of the Rockwool Industries facility located in Cameron, Missouri. At all times relevant hereto, Defendant Brookshier was acting jointly and in conspiracy with other Defendants and other unnamed co-conspirators and John Doe Defendants. Upon information and belief, Defendant Brookshier had an economic motive and personally benefited from the conspiracy. The objectives of the conspiracy included to dispose of the waste, including lead and arsenic, from the Rockwool Operation that Defendants knew were being deposited in the Impacted Area identified above and/or to not implement adequate pollution controls at the Rockwool Operation because of the cost and reduction of profits, bonuses and the value of wages, stock and/or stock options of the corporate defendants. Defendant Brookshier had actual or constructive knowledge of and participated in an actionable wrong of Defendants, which includes the acts and omissions of Defendants described herein.

25. Each of the corporate Defendants owned, operated and/or made use of the Rockwool Operation and/or property for monetary gain. As owners, operators and/or partners in Rockwool Industries, Inc. and or the site known as Rockwool Operation, each corporate Defendant is jointly and severally liable for the activities and conditions which caused the extremely high levels of lead and arsenic and the possibility of other toxic and dangerous pollutants occurring at the Rockwool Operation and property and/or for the release of toxic materials and failing to properly and safely eliminate the presence of toxic chemicals upon their

property and the Impacted Area. The objectives of the conspiracy included the failure to adequately control the emissions from the Rockwool Operation that Defendants knew were being deposited in the Impacted Area identified above, the failure to implement adequate pollution controls and/or the failure to implement cleanup efforts at the Rockwool Operation because of the cost and reduction of profits, bonuses and the value of wages, stock and/or stock options of Rockwool as well as the corporate Defendants.

26. At all times relevant hereto, Defendants were acting by and through their partners, subsidiaries, agents, servants, employees who were acting within the scope of their partnership, agency, or employment and in conspiracy with each other.

27. As a direct and proximate result of the releases from the Rockwool Operation and property, Plaintiff has suffered injuries, damages and losses, which include but are not limited to, the development of brain tumors, potential for development of severe illness, past and future medical bills, pain and suffering, death and the significant decrease in property value and other damages.

**ALL APPLICABLE STATUTES OF LIMITATIONS
HAVE BEEN TOLLED**

28. All applicable statutes of limitations have been tolled by Defendants' knowing and active concealment and denial of the facts alleged herein. Plaintiff has been denied information and kept ignorant of vital information essential to the pursuit of these claims, without any fault or lack of diligence on her part. Plaintiff could not reasonably have known the high levels of toxic contaminants and their potential adverse effects until recent studies and facts were discovered and made known.

29. The defendants have a continuing duty to disclose the true character, quality, and nature of the contamination to Plaintiff. Because of their concealment of the true

character, quality, and nature of the contamination, Defendants are estopped from asserting any statutes of limitations defenses against Plaintiff.

COUNT I
(Wrongful Death)

30. Plaintiff hereby incorporates by reference the allegations contained in Paragraphs 1 through 29 of Plaintiff's Petition for Damages as if fully set forth herein.

31. The handling and processing of metals and other toxic substances at the Rockwool Operation and subsequent release thereof, for which Defendants are jointly and severally liable, constituted and continues to constitute an abnormally dangerous activity or ultra hazardous activity, because such activities create a high risk of significant harm.

32. The Defendants are strictly liable to Plaintiff for the wrongful death of Twila O'Loughlin as a result of the release of metals and/or other toxic substances from the Rockwool Operation.

33. The collection, handling, and processing of metals and other toxic substances at the Rockwool Operation has directly and proximately caused release of such substances in and to the Impacted Area identified above including onto properties which the Plaintiff owned.

34. Defendants owed and continue to owe a duty to the Plaintiff to control and contain the lead, arsenic and other toxic substances generated at the Rockwool Operation, and to warn Plaintiff of their release.

35. Defendants owned, managed, operated and/or used the Rockwool Operation, or the Rockwell Operation Property, and/or acted in conspiracy with each other and unnamed co-conspirators and continue to do so in a way that negligently, carelessly and recklessly generated, handled, stored, treated, disposed of, and failed to control and contain the

lead, arsenic and other toxic substances generated at the Rockwool Operation, resulting in the release of metals and other toxic substances, and resulting in exposure to Plaintiff and the Impacted Area. Defendants further negligently, carelessly and recklessly failed to warn and continue to fail to warn the Plaintiff of the release of the metals and other toxic substances into the Impacted Area identified above and of the reasonable foreseeable effects of such releases.

36. Defendants' generation, use, handling, storage, treatment and disposal of lead, arsenic and other toxic substances at the Rockwool Operation, property and related operations and facilities, and their failure to control and contain the same within the confines of Rockwool Operation, property, and related operations and facilities, constituted negligence.

37. As a direct and proximate result of the releases from the Rockwool Operation and property, for which Defendants are jointly and severally liable, the Plaintiff has suffered, presently suffers, and will continue to suffer in the future, damages and losses based on the wrongful death of Twila O'Loughlin.

38. The actions of Defendants were outrageous due to Defendants' evil motive or reckless indifference to the rights of Plaintiff, entitling Plaintiff to an award of punitive damages.

WHEREFORE, Plaintiff prays for judgment against the Defendants, and each of them, jointly and severally, for an amount in excess of Twenty-five Thousand (\$25,000.00) dollars, that will fairly and justly compensate Plaintiff for the wrongful death, for costs incurred herein, punitive damages, attorney's fees and costs and for such other and further relief as this Court deems just, proper and equitable.

COUNT II
(STRICT LIABILITY)

39. Plaintiff hereby incorporates by reference the allegations contained in Paragraphs 1 through 38 of Plaintiff's Petition for Damages as if fully set forth herein.

40. The handling and processing of metals and other toxic substances at the Rockwool Operation and subsequent release thereof, for which Defendants are jointly and severally liable, constituted and continues to constitute an abnormally dangerous activity or ultra hazardous activity, because such activities create a high risk of significant harm.

41. The collection, handling, and processing of metals and other toxic substances at the Rockwool Operation has directly and proximately caused release of such substances in and to the Impacted Area identified above including onto properties which the Plaintiff owned.

42. As a direct and proximate result of the releases from the Rockwool Operation and property, for which Defendants are jointly and severally liable, the Plaintiff has suffered, presently suffers, and will continue to suffer in the future, injuries, damages and losses. These injuries, damages and losses include but are not limited to past and future medical bills, lost wages and severe pain and suffering, potential for developing severe illness, loss in real property value with and without remediation, the need for and cost remediation of real property, loss of use of real property, annoyance and discomfort and loss of use and enjoyment arising out of the impact of Defendants' polluting and/or causing the pollution of the real property interests of Plaintiff.

43. The actions of Defendants were outrageous due to Defendants' evil motive or reckless indifference to the rights of Plaintiff, entitling Plaintiff to an award of punitive damages.

WHEREFORE, Plaintiff prays for judgment against the Defendants, and each of them, jointly and severally, for an amount in excess of Twenty-five Thousand (\$25,000.00) dollars, that will fairly and justly compensate Plaintiff for injuries, lost wages, pain and suffering and damages, for costs incurred herein, punitive damages, attorney's fees and costs and for such other and further relief as this Court deems just, proper and equitable.

COUNT II

(Negligence)

44. Plaintiff hereby incorporates by reference the allegations contained in Paragraphs 1 through 43 of Plaintiff's Petition for Damages as if fully set forth herein.

45. Defendants owed and continue to owe a duty to the Plaintiff to control and contain the lead, arsenic and other toxic substances generated at the Rockwool Operation, and to warn Plaintiff of their release.

46. Defendants owned, managed, operated and/or used the Rockwool Operation, or the Rockwell Operation Property, and/or acted in conspiracy with each other and unnamed co-conspirators and continue to do so in a way that negligently, carelessly and recklessly generated, handled, stored, treated, disposed of, and failed to control and contain the lead, arsenic and other toxic substances generated at the Rockwool Operation, resulting in the release of metals and other toxic substances, and resulting in exposure to Plaintiff and the Impacted Area. Defendants further negligently, carelessly and recklessly failed to warn and continue to fail to warn the Plaintiff of the release of the metals and other toxic substances into the Impacted Area identified above and of the reasonable foreseeable effects of such releases.

47. Defendants' generation, use, handling, storage, treatment and disposal of lead, arsenic and other toxic substances at the Rockwool Operation, property and related

operations and facilities, and their failure to control and contain the same within the confines of Rockwool Operation, property, and related operations and facilities, constituted negligence.

48. Defendants and their predecessors knew of should have known that the generation, handling, storage, treatment and disposal of the described metals and toxic substances produced by the Rockwool Operation and property were the proximate cause of damage to Plaintiff.

49. As the direct and proximate result of the above negligence and fault, for which Defendants are jointly and severally liable, Plaintiff has been damaged. These damages include, but are not limited to past and future medical bills, lost wages and severe pain and suffering, potential for severe illness, damage to loss in real property value with and without remediation, the need for and cost remediation of real property, loss of use of real property, annoyance and discomfort and loss of use and enjoyment arising out of the impact of Defendants' polluting and/or causing the pollution of the real property interests of Plaintiff.

50. The actions of the Defendants were outrageous due to Defendants' evil motive or reckless indifference to the rights of Plaintiff, entitling Plaintiff to an award of punitive damages.

WHEREFORE, Plaintiff prays for judgment against the Defendants, and each of them, jointly and severally, for an amount in excess of Twenty-five Thousand (\$25,000.00) dollars, that will fairly and justly compensate Plaintiff for injuries, lost wages, pain and suffering and damages, for costs incurred herein, punitive damages, attorney's fees and costs and for such other and further relief as this Court deems just, proper and equitable.

COUNT III
(Private Nuisance)

51. Plaintiff hereby incorporates by reference the allegations contained in Paragraphs 1 through 50 of Plaintiff's Petition for Damages as if fully set forth herein.

52. Defendants' conduct at the Rockwool Operation for which Defendants are jointly and severally liable, constituted and continue to constitute an unreasonable interference with the use and enjoyment of the property of Plaintiff into the Impacted Area identified above. This nuisance is abatable.

53. As a direct and proximate result of the releases from the Rockwool Operation and property, for which Defendants are jointly and severally liable, the Plaintiff has suffered, presently suffer, and will continue to suffer in the future, damages and losses. These, damages and losses include but are not limited to past and future medical bills, lost wages and severe pain and suffering, potential severe illness, loss in real property value with and without remediation, the need for and cost of remediation of real property, loss of use of real property, annoyance and discomfort and loss of use and enjoyment arising out of the impact of Defendants' polluting and/or causing the pollution of the real property interests of Plaintiff.

54. The actions of Defendants were outrageous due to Defendants' evil motive or reckless indifference to the rights of Plaintiff, entitling Plaintiff to an award of punitive damages.

WHEREFORE, Plaintiff prays for judgment against the Defendants, and each of them, jointly and severally, for an amount in excess of Twenty-five Thousand (\$25,000.00) dollars, that will fairly and justly compensate Plaintiff for injuries, lost wages, pain and suffering and damages, for costs incurred herein, punitive damages, attorney's fees and costs and for such other and further relief as this Court deems just, proper and equitable.

COUNT IV
(Trespass)

55. Plaintiff hereby incorporates by reference the allegations contained in Paragraphs 1 through 54 of Plaintiff's Petition for Damages as if fully set forth herein.

56. Defendants' conduct at the Rockwool Operation for which Defendants are jointly and severally liable has resulted and continues to result in an entry and intrusion onto the property on which Plaintiff has in the past and/or continue to own, by the transport and deposition of toxic pollutants from the Rockwool Operation without permission resulting in exposure to Plaintiff. This trespass is abatable.

57. As a direct and proximate result of the releases of toxic pollutants from the Rockwool Operation, for which Defendants are jointly liable, the Plaintiff presently suffers, and will continue to suffer in the future, injuries, damages and losses. These injuries, damages and losses include but are not limited to past and future medical bills, lost wages and severe pain and suffering, potential severe illness, loss in real property value with and without remediation, the need for and cost of remediation of real property, loss of use of real property, annoyance and discomfort and loss of use and enjoyment arising out of impact of Defendants' polluting and/or causing the pollution of the real property interest of Plaintiff.

58. The actions of Defendants were outrageous due to Defendants' evil motive or reckless indifference to the rights of Plaintiff, entitling Plaintiff to an award of punitive damages.

WHEREFORE, Plaintiff prays for judgment against the Defendants, and each of them, jointly and severally, for an amount in excess of Twenty-five Thousand (\$25,000.00) dollars, that will fairly and justly compensate Plaintiff for injuries, lost wages, pain and suffering and damages, for costs incurred herein, punitive damages, attorney's fees and costs and for such other and further relief as this Court deems just, proper and equitable.

COUNT V
(Negligence per se)

59. Plaintiff hereby incorporates by reference the allegations contained in Paragraphs 1 through 58 of Plaintiff's Petition for Damages as if fully set forth herein.

60. Defendants violated state law in their illegal management and mismanagement of hazardous materials, specifically but not limited to Mo. Rev. Stat. 260.394, 260.420 and 260.424.

61. Defendants owned, managed, operated and/or used the Rockwool Operation, or the Rockwell Operation Property, and/or acted in conspiracy with each other and unnamed co-conspirators and continue to do so in a way that negligently, carelessly and recklessly generated, handled, stored, treated, disposed of, and failed to control and contain the lead, arsenic and other toxic substances generated at the Rockwool Operation, resulting in the release of metals and other toxic substances, and resulting in exposure to Plaintiff and the Impacted Area. Defendants further negligently, carelessly and recklessly failed to warn and continue to fail to warn the Plaintiff of the release of the metals and other toxic substances into the Impacted Area identified above and of the reasonable foreseeable effects of such releases.

62. Defendants' generation, use, handling, storage, treatment and disposal of lead, arsenic and other toxic substances at the Rockwool Operation, property and related operations and facilities, and their failure to control and contain the same within the confines of Rockwool Operation, property, and related operations and facilities, constituted numerous and repeated violations of environmental statutes and regulations, including but no limited to, RSMo. §§ 260.380 and 260.530, and other state regulations which govern the generation, handling, treatment and/or storage of hazardous substances and chemicals. Accordingly, Defendants and their predecessors and successors have been negligent as a matter of law.

63. As the direct and proximate result of the above negligence and fault, for which Defendants are jointly and severally liable, Plaintiff has been damaged. These damages include, but are not limited to, past and future medical bills, lost wages, pain and suffering, damage to loss in real property value with and without remediation, the need for and cost

remediation of real property, loss of use of real property, annoyance and discomfort and loss of use and enjoyment arising out of the impact of Defendants' polluting and/or causing the pollution of the real property interests of Plaintiff.

64. The actions of the Defendants were outrageous due to Defendants' evil motive or reckless indifference to the rights of Plaintiff, entitling Plaintiff to an award of punitive damages.

WHEREFORE, Plaintiff prays for judgment against the Defendants, and each of them, jointly and severally, for an amount in excess of Twenty-five Thousand (\$25,000.00) dollars, that will fairly and justly compensate Plaintiff, for costs incurred herein, punitive damages, attorney's fees and costs and for such other and further relief as this Court deems just, proper and equitable.

Count VI
(Declaratory Relief and Medical Monitoring)

65. Plaintiff, re-allege the allegations contained in Paragraphs 1 through 56.

66. Plaintiff has no adequate remedy at law and damages cannot adequately compensate Plaintiff for the injuries suffered and threatened, rendering declaratory, injunctive, and other equitable relief appropriate.

67. Through the unlawful conduct set forth in the preceding paragraphs, Plaintiff has been subjected to toxic and hazardous materials which tends to create tumors (malignant and benign) as well as other serious illnesses including but not limited to death.

68. There are medical risks to Plaintiff with being exposed to toxic and hazardous materials. Accordingly, Plaintiff, requests the following equitable relief:

- (a) That Defendants be ordered to notify him of the toxic and hazardous materials they have exposed Plaintiff to;

- (b) That Defendants be ordered to create a treatment fund, under the continuing jurisdiction and supervision of this Court, to monitor the health of Plaintiff, and to pay or reimburse Plaintiff for all evaluative, monitoring, diagnostic, preventative, and corrective medical, surgical, and incidental expenses caused by Defendants' wrongdoing; and
- (c) Declaratory judgment that Defendant is liable to Plaintiff for all evaluative, monitoring, diagnostic, preventative, and corrective medical, surgical, and incidental expenses, costs and losses caused by Defendants' wrongdoing.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff, prays for judgment against Defendants as follows:

1. For the equitable relief requested;
2. Compensatory damages according to proof;
3. For punitive or exemplary damages against Defendants, consistent with the degree of Defendants' reprehensibility and the resulting harm or potential harm to Plaintiff, in an amount sufficient to punish Defendants and deter others from similar wrongdoing;
4. For declaratory judgment that Defendant is liable to Plaintiff for all evaluative, monitoring, diagnostic, preventative, and corrective medical, surgical, and incidental expenses, costs and losses caused by Defendants' wrongdoing;
5. For a restitution and disgorgement of profits;
6. For an award of attorneys' fees and costs;
7. For prejudgment interest and the costs of suit; and
8. For such other and further relief as this Court may deem just and proper.

Respectfully submitted,

PETERSON & ASSOCIATES, P.C.
